# Housing survey update

---

- ❖ After last meeting with input from RHIC UEC, “Draft 3” created
- ❖ Distributed earlier this week to CFN & NSLS UEC Chairs, as well as BNL Council
  - ❖ According to Thomas Ullrich, BNL council is trying to take a distinct position, since they represent BNL scientists, not outside users
  - ❖ Even they acknowledge the impact on people’s efficiency, safety, and travel budgets by being forced off-site
- ❖ No changes suggested so far
- ❖ Will distribute to Doon Gibbs’ office today, in preparation for a UEC Chairs meeting on Monday
