

- List of issues/concerns
 - Campaign for RHIC physics
 - Petition letter to Tribble committee, done
 - Shall we ask our users to contact their local politicians?
How about RHIC vendors? Shall we also make a pitch to them?
 - What else?

- List of issues/concerns
 - Housing issues
 - Last year, a rather comprehensive survey across the user community was conducted. Data was analyzed and results were provided to Doon
 - Joint open forum meeting between RHIC&AGS Users, photon science users as well as CFN users was held. BNL top management attended meeting together with the developer of Fresh-meadows at Yaphank
 - BNL council also expressed its concerns through a memo to Sam last year.

- List of issues/concerns
 - How to strengthen our engagement with users?
 - Invited Daniel and Murad to join UEC as appointed members
 - Is our current email list of user community really inclusive?
 - Emails regarding petition letter failed to reach quite number of people, especially BNL employees
 - Increase the communication channel between UEC and users
 - Existing: periodic Inside RHIC. But primarily on scientific program
 - Should we provide either meeting minutes or monthly news letter through email to cover what UEC is currently working on, issues, concerns, etc.
