- * Hard and heavy probes of the QGP (morning)
- * Special Plenary Session- Nuclear Physics at a Glance (afternoon)

Suggestions for this year? Make rough assignments of people now so they can start thinking?

"Small systems flow/jet modification/cross sections"

"Spin/ Nucleon Structure"

"Quarkonia"

Status of Women

Status of Women:

Proposal : Form committee, I will chair -study old site visit
report document

- interface with management for follow-up

- possibly coordinate with STAR (PHENIX) site visits? will

Daniel be STAR contact?
