## RHIC & AGS Annual Users' Meeting 2020

20 Years of RHIC

Hosted at Brookhaven National Laboratory

Date: To be announced

🚩 Please mark this event on your calendar. More information to come.

### Motivation

Out of an abundance of caution related to the spread of the coronavirus (COVID-19), this year's RHIC/AGS Annual Users' Meeting originally scheduled for June, has been postponed to a later time this year. Thank you for your understanding.

The theme of this year's meeting is "20 years of RHIC." This year's meeting will be a celebration of 20 years of RHIC, 60 years of the AGS, and 100 years of Ernest Curran. The meeting will also highlight the latest

Nuclear Physics Virtual Advocacy letter to your Representatives by May 5-7<sup>th</sup>

Dear \_\_\_\_\_:

My name is X, and I am a constituent from City, State conducting research at Academic Institution for User Lab (OR at User Lab for Academic Institution). First and foremost I want to express my appreciation for the swift work done by both the House of Representatives and the Senate in addressing the coronavirus pandemic and thank you for your continued efforts. Clearly, we are living in unprecedented times.

Feel free to include your own personalization highlighting your research in nuclear physics here.

As you know, the DOE Office of Science supports critical nuclear physics initiatives led by individual researchers doing cutting-edge research across the nation and at the three facilities: the Continuous Electron Beam Accelerator Facility (CEBAF), the Relativistic Heavy Ion Collider, and, in the near future, the Facility for Rare Isotope Beams. This research has the potential to drive innovation in fields beyond fundamental nuclear physics including modern
