Special business

- Quick discussion of special business from last time

Regular business

- MCO
 - Some urgent business about AUM2020
- SAS
- AOB

Experimental website access issues

- The STAR website is currently online but was offline for a period of about 6 weeks
- The BRAHMS website is currently online (was perhaps unaffected)
- Currently offline: PHENIX (14 weeks)
- Updates from last time: PHOBOS and sPHENIX are back online, PHENIX will be back online soon
 - The PHENIX public page is transitioning from the old page to a new static one
 - Static pages have much lower security risk
 - This kind of separation between public & private is a good model going forward

Safety issue at 1006C

- A safety incident at Building 1006C (STAR trailer) in February of 2018 has not been adequately addressed by the Lab
- A variety of emails have been exchanged including people higher up in the Lab management
- We should continue to monitor the situation carefully
 - Especially when the cold weather approaches

AUM2020

- Six workshops on Thursday October 22 (one late addition)
- One plenary session on Friday October 23
- Poster session to be managed by Audrey, Alex, Matt (student & postdoc members)
 - Planning something similar to what was done at Hard Probes
 - Day/time TBD but probably Thursday October 22 3pm to 5pm?
- Experiment talks/speakers committees have been contacted
 - Need to follow up on EIC talk
- Planned Diversity talk (?)
 - Anything from the Diversity committee?
- Planned “life with pandemic” talk
 - Any ideas or suggestions?
 - Need to skip if we don't come up with something soon

DNP Open Forum

- Fall DNP will be online
- We can and should schedule our usual Open Forum (will be much easier than normal)

AUM 2021

- Maybe we'll get “lucky” and the pandemic resolves in time for an in-person AUM in June 2021
- Too soon to plan seriously for it, but we can start outlining the procedure

Meetings, Communication, Outreach

Communications

- Nothing on the horizon (no need to plan for Nuclear Physics DC Day 2021 just yet)

Outreach

- Thesis Awards
- Merit Awards
- DNP/APS Committees & Awards
- Representation & Diversity in Physics

- STAR needs people for shift and sPHENIX needs people for construction
- Comments from Kathy Nasta

Any Other Business

- Anything else?
