12 January 2021

- Special business
- MCO
- SAS
- AOB

- Partially clean-slate for 2021:
 - 1006 C/D construction completed in mid-December
 - Experiment websites stable and security issues resolved
- Not yet resolved: mistreatment of STAR students by housing staff
 - We've probably had enough discussion about this specific issue
 - Select group of people working on communications and action items

DC Day

- Since it's now 2021, we need to start thinking about this
- No communication from the lobbying group yet
- Very unlikely to be the normal in-person lobbying

AUM 2021 Proposal

- The usual 6 workshops
- Two “full” days of plenaries
- Plan for reduced talk and break times to keep the day shorter (9am to 3pm, same as done for AUM2020)
- Over the next few weeks we’ll prepare spreadsheets and begin preparations
- First full report on AUM planning will be made at next month’s meeting

- Thesis Awards
- Merit Awards
- DNP/APS Committees & Awards
- Representation & Diversity in Physics

- STAR needs people for shift and sPHENIX needs people for construction
- Alternate food plans need to be made through to the end of FY21 at least
- Comments from Kathy?
